## GUIDANCE – REQUEST FOR INSPECTION

### Regulatory references

- [Regulations relating to maritime electrical installations \(rme\) / Forskrift om maritime elektriske anlegg \(fme\)](#)

### Conditions for the inspection

DSB presuppose that the inspection can be carried out efficiently and safely. This includes:

- Safe boarding procedures
- No parallel work involving solvents or painting
- Easy access to all electrical installations
- Machine and technical rooms must be tidy and accessible for inspection

### Submission of the Form

This form is available on DSB website, [www.dsb.no](http://www.dsb.no) The completed form should be sent to the relevant inspection office's email address. If sent by postal mail, it should be addressed as specified below.

### Assistance with completion

For assistance, DSB can be contacted directly. Please specify which form your inquiry concerns to ensure prompt and accurate guidance.
